Busch Will Not Accept Challenge

Heinic Busch, so far as he is con-cerned, will have nothing to do with a post-season intercity series of baseball games to decide the championship of Richmond and Pe-

tersburg.
His reasons are that he will have to leave before the games could be played, and that several of his men

will also go home.

Another reason advanced is that
the games would not draw any

the games would not grave crowds.

That may be true from the Petersburg end of it, but in Richmond the series would be the biggest drawing eard of the season.

Busch's refusal will always be regarded locally as an admission of weakness, and that he is fearful lest Richmond should get the better of the test.

of the test.

His final statement was that he would turn the matter over to Joe Laughlin, and that Laughlin could do as he felt.

injuring his chances of defeating "Knockout" Brown here Wednesday night. The necessity of reducing below what has been regarded as his safe limit has been considered the greatest handicap the British champion would have to encounter.

Brown, who is several years younger than his opponent, weights now 132 pounds, and says he may be at trifled lighter when he steps into the ring at Madison Square Garden. Brown's showing in two no-decision houts with Ad. Wolgast has given his followers confidence that he can take the Englishman's measure respite the latter's superior experience and skill.

DEFICIT OF \$22,000,000

Favorates With August, 1916, Report.
Washi ston, D. C., August 28.—Government finances for this month will not compare favorably with August

A deficit of \$22,000,000 on ordinary accounts already is shown, in comparison with a deficit of \$14,000,000 last year. Customs receipts show a decrease of \$4,000,000 as compared with a year ago. The government's total expenditures for the same period are more than \$2,000,000 greater. more than \$2,000,000 greater.

July and August, however, are regarded as "heavy spenders" for the Treasury, and the financial sharps predict the cash drawer will get on a even keel again by winter.
